

After (text.kerning_factor = 0)

The image displays a plot with a white background and a black border. The x-axis and y-axis both range from 0.0 to 1.0, with major tick marks and labels at 0.0, 0.2, 0.4, 0.6, 0.8, and 1.0. Four lines of text are plotted, all in a bold, black, monospaced font. The text is as follows:

- Line 1: BRAVO (y ≈ 0.9)
- Line 2: AWKWARD (y ≈ 0.65)
- Line 3: VAT (y ≈ 0.45)
- Line 4: W.Test (y ≈ 0.2)

Because the kerning factor is set to 0, the letters in each word are spaced uniformly, regardless of their natural spacing in the font. This results in a rigid, mechanical appearance where the visual weight of the words is not balanced by adjusted letter spacing.
